OUR IMPACT

(Actual client responses)

Glade Run EPIC site based has helped me overcome a lot of my anxiety with events they have held, such as the horses, gatherings in the community, mobile groups with my peers and social activities. My mobile psych rehab worker has helped me so much with assertiveness. By doing role playing, it has changed me in a way that enables me to assertively set boundaries, which before I could not. I just want to say thank you to the Glade Run EPIC program for their support and my hope is that more people will come to the agency in need of help and grow and blossom just as I did.

This was our first time at Adventures camp. I think the organization is absolutely wonderful. All of the volunteers love on these kids and they are so happy and excited to come. I know my son was. He couldn't wait to get there every day. He was the first one there daily! I wish he was that motivated for school! Lol

Glade Run truly resonated with me as it is where I found peace while dealing with a stressful adolescent life.

Glade Run offers children and families a variety of treatment services through eight locations: Beaver Falls, Butler, Pittsburgh, New Castle, Rochester, Utica, West View, Wexford and Zelienople.
